Jeff Sullivan  
Director of Finance & Administration  
iCan Shine, Inc.  
PO Box 541  
Paoli, PA 19301

Dear Jeff,

This letter is written for the express purpose of serving as a reference for other bike camp hosts considering the iCan Shine's iCan Bike program. In order to alleviate concerns over possible damage to facility floors, let it be noted that the Fairfax County Park Authority has hosted several bike camps at various facilities within Fairfax County (schools and our own). To date, we have not experienced any damage to floors in either our facilities or others as a result of the bike program.

We are preparing for our 10<sup>th</sup> camp at one of our RECenters. This particular RECenter has been used for our Spring Break Bike Camp since 2008 and will be used again for Spring Break 2013. Because all the tires of the bike equipment in your fleets are white, there are no lasting marks. If a mark occurs, even from a child's own bike with black tires, it is simply rubber residue that our maintenance staff is able to sweep, wipe or mop clean.

The roller bikes also do not leave any marks on the floors. In the rare circumstance where a roller bike may fall to the floor, it may result in a scuff mark, however staff train our volunteers in fall prevention techniques and therefore we have not incurred any such issues during any of our multiple bike camps over the years.

As always, thanks for a fabulous program!!! We are again excited to partner with iCan Shine to providing opportunities to learn to ride a two-wheel bike to individuals with disabilities in our community.

Best regards,

Leeann David  
Camp Coordinator
