Paoli PA 19301

Dear Jeff,

I was asked by Laurel Bucci to write a letter regarding our experience with hosting the iCan Shine Bike program here at Midland Evangelical Free Church (MEFC).

We have been hosting the bike camp here in our gymnasium since 2014. Our gym floor is a vinyl type material, and we have never had an issue with any lasting marks on the floor that couldn't be easily wiped away during or after the camp. We also have never experienced any skid marks, scratches or tears in our flooring due to the bike equipment.

We have felt privileged to host this wonderful camp each year, and will not hesitate to do so again in future years if asked. It's a great program!

Sincerely,

Terra Carpenter
